Dear Sir,

Thank you for the opportunity to review and comment on a proposal to add a new subpart (1-4.12) to the Federal Procurement Regulations. This new subpart deals with automatic data processing (ADP) services procurement and contracting, including the GSA-managed Teleprocessing Services Program. Technical officers throughout the CIA have reviewed the proposal and have no comments at this time. Separate responses from Agency procurement officers, if any, will be forwarded through our representative to the Interagency Procurement Policy Committee (IPPC) to the committee chairman.
